## SUMMARY

---

Developer with a passion for creating user-friendly and visually appealing web applications. I excel at problem solving and enjoy applying modern technologies to real-world challenges. My focus is on delivering effective and scalable solutions.

## TECHNICAL SKILLS

---

**Front End:** HTML, CSS, JS, React Js, Tailwinds

**Back End:** Node Js, Express Js

**Data Base:** MongoDB, SQL

**Languages:** C++, JAVA

**Tools:** Git, GitHub, Vs Code

## PROJECTS

---

**Stratify E-Commerce Platform** | *React.js, Tailwind CSS, Node.js, Express.js, MongoDB* June 2025 – Present

- Developed a full-stack e-commerce web application using React, Tailwind CSS, Node.js, Express, and MongoDB.
- Created dynamic product listings with real-time updates and an interactive shopping cart system.
- Designed a fully responsive and intuitive UI to ensure smooth user navigation across all devices.
- Integrated RESTful APIs and a working payment gateway (e.g., Stripe) for secure transactions.
- Prioritized scalability, performance optimization, and a seamless overall user experience.

**AiEngage** | *React, Tailwind CSS, Node.js, and MongoDB.* May 2024 – May 2025

- Built AiEngage, a property buying and selling platform using React, Tailwind CSS, Node.js, and MongoDB.
- Developed dynamic property listings with filtering, search, and detailed view features.
- Implemented user authentication and property posting with real-time data handling.
- Integrated VAPI and Twilio for secure, real-time voice communication between buyers and sellers.
- Focused on performance, responsiveness, and a seamless user experience across devices.

**OTP Verification System using Gmail :** | *React.js, Node.js, Express and MongoDB.* Jul 2025 – Sept 2025

- Built a secure OTP verification system using MERN stack with Gmail integration for authentication.
- Implemented user registration, login, and OTP-based verification to ensure data security.
- Designed RESTful APIs and managed user data with MongoDB for efficient backend handling.
- Developed a responsive frontend using React and TailwindCSS for smooth user experience.

## EDUCATION

---

**Chitkara University** June 2022 – June 2026

*Bachelor of Engineering in Computer Science and Engineering* cgpa : 6.94

**Bagnabarh High School** Jan 2020 – April 2022

*Higher Secondary* Percentage : 91%

## CERTIFICATES

---

- Programming Using C++
- Database Management System

## EXTRA-CURRICULAR ACTIVITIES

---

- First Runner-Up – HackIndia Hackathon | 2024 innovative tech solution under 36 hours.problem-solving, teamwork,and full-stack development skills.
- Participated in various open round coding competitions in various websites.

## HOBBIES

---

- Cricket
- Travailing
